

# CSI<sup>3</sup> UNDERGRADUATE newsletter

November 2021 No. 33 Transitions & Asking For Help

## HELLO SCHOLARS! WE HOPE THAT THE PREVIOUS MONTH OF CLASSES WAS A SMOOTH AND A GOOD START TO THIS YEAR'S FALL SEASON.

New month calls for a new newsletter and this month's November theme is "Transitions." We are closely approaching the end of this semester and soon will transition into the Spring semester.

Transitions are important since they allow us to reflect on our previous selves and make any changes we feel are a better fit for us to become the individuals we want to be, whether it be in our personal lives, the workplace, or as students. We have the ability to make these changes but sometimes we cannot do it alone and need the support of others. Asking for help may be one of the most difficult things for some individuals to do. Whether it be out of shyness for some of us or because we don't know where to even begin to ask for help. Whichever reason may be the case, we want to let our students know that CSI<sup>3</sup> is a family and we are here to provide any form of help and support our students may need.

Within our program we provide a variety of aid for our students to take advantage of. We have created a Textbook Lending Program in which our students can either request a textbook they may need for a class for us to purchase or they can borrow from an extensive list of textbooks currently in our possession. We also lend out required equipment from calculators, to laptops, and iClickers you may need for the semester. Have you set your appointment to meet with one of our program advisors yet? Our amazing and beyond qualified program advisors are available through appointments to meet with students and discuss anything from school related to personal help you may need.

Overall we at the CSI<sup>3</sup> program care about our students and want nothing but for you to succeed. Although asking for help may be difficult sometimes, let us help you get through your academic years here at CSUDH as smoothly as possible. To further extend a helping hand, this month's issue is filled to the brim with resource links that can help students from financial, to mental health, to basic needs outside and within the university. Don't forget to peruse our extensive list to find what resources are better fitted for your needs. We thank you for reading our November newsletter and will talk to you guys later in next month's newsletter. Have a great break and Thanksgiving!

NOVEMBER

### SCHOLARS OF THE MONTH

All of our scholars are amazing, but Aaron Denmark, STEM Scholar, and Brandi Wade, TTS Scholar have just gone above and beyond.

SCHOLARS OF THE MONTH

### ALUMNI CENTER

Check out what some of our CSI<sup>3</sup> Alumni are up to these days. Read about their journey and get inspired to keep pushing forward. Similar to you, they were in your shoes not so long ago and look at them now. We are so proud of our Alumni!

CSI<sup>3</sup> ALUMNI STORIES

### NOVEMBER RESOURCES

Below we have provided links to an extensive list of resources currently offered by CSUDH and outside organizations for students to take advantage of. We incorporated something for everyone whether it be Food supplies, Daycare for student parents, resources for Veterans, Undocumented students, LGBTQ students, students with disabilities, etc. As well as clubs and organizations whose goal is to provide for students on campus.

RESOURCES

### FUN CORNER

Thanksgiving break is around the corner. Whether you're spending it surrounded by family/friends celebrating or studying for classes and exams, we hope you begin to feel the Holiday spirit. We have attached a few activities to unwind and give you that crisp, fall is upon us feeling.

FALL FEELING!

### SEMINAR #2

Scholars, we have an amazing seminar scheduled for Friday, November 19, 2021 at 3 p.m.. Have you RSVPd? We hope to see you there. Do not miss out.

RSVP HERE

## REMINDER

### CSI<sup>3</sup> REMINDERS

Quick reminder students, if you have not yet completed the following requirements for the CSI<sup>3</sup> programs please do so as soon as possible. It is imperative that you complete the following tasks so that we can serve our students as best as we can and help you all succeed.
