Week 18 | 05.18.20**

SCHOLAR OF THE WEEK

The undergraduate team recognizes David Bodolay. His perseverance is admirable and his persistence has landed him a job with our Fab Lab team!

MISSED OUT?

Our end of the year celebration made us dance, cry, laugh, and reminded us of how far you have come. Thank you for joining us. Couldn't make it?

We hope you had a great time celebrating with us last Friday. It was great seeing so many of you!

With the semester 'Zooming' to an end, you should all be proud of your accomplishments and realize that the countless hours spent, multiple pages of notes taken and group study sessions you participated in has paid off.

Well done!
