

CSI³ NEWSLETTER

NO. 16 | JUNE 8, 2020

Hello, CSI³ Scholars!

The Undergraduate Team has spoken to many of you about how you are handling current events, how your families are adjusting and how you feel. Many have been handed more challenges in the last couple months than ever before, but this means you will be even more prepared to take on the world than you would have been without it.

Your resilience, professionalism and drive give us hope for a better tomorrow. Find things to look forward to even though they may not be things you originally anticipated. We believe in you.

COMMUNITY BUILDING

We want to hear from you and give you the opportunity to chat with fellow scholars. Please participate and comment on your colleagues posts!

FROM TRAGEDY TO TRANSFORMATION

From the desk of the President: "As a CSUDH family, I ask you to join me in honoring & praying for both the souls of those whose lives were taken, & the families who seek to assuage their grief, righteous anger, & pain by synthesizing demands for justice with thoughts for a brighter future in our nation..."

DE-STRESS CORNER

Check out what our scholars do to de-stress during these unprecedented times. Some enjoy reading, painting, spending time with their pets, going outdoors, and exercising.

Scholar OF THE Week

FATIMA DELGADO | RISING SENIOR
COMPUTER TECHNOLOGY: GENERAL TRACK

Campus Involvement: STEM Scholar

Career Goal: My career goal is to work for Google or Sony in the field of I.T.

Hobbies: Baking

How has CSI³ helped you? CSI³ has opened many opportunities for me throughout my undergraduate years. I've had the privilege of not only being a STEM Scholar, but also a CSI³ Student Assistant. CSI³ provided me with my first job, where I've learned what it's like to work in a professional setting, network with peers and how to keep a positive mindset. Through my student assistant role, I have been very fortunate to work closely with the undergrad team because they have always guided and supported me throughout years at CSUDH. I'm thankful for them and for all the events they offer the scholars like STEM UP, seminars, finals week support, etc. THANK YOU, CSI³.

What keeps you motivated and positive throughout life's hardships? My family, friends, and boyfriend keep me motivated and positive throughout life's hardships.

What advice would you like to give to your fellow scholars? An advice I give to my fellow scholars is to stay positive no matter what and to use the resources that are provided by the university.

What are your plans after graduation? My plan after graduation is to obtain an I.T. position.
