September 2021 No. 31 Welcome Back

WELCOME TO THE 2021-2022 ACADEMIC YEAR, SCHOLARS!

The CSI³ Team is here to support you every step of the way in your personal, academic and career development journey.

The first day of classes is always exciting—even more so this fall, after more than a year of forced absence from our beloved campus. Of course, the transition back to campus will assuredly come with its own challenges and responsibilities, but we look forward to meeting you throughout the semester during our one-on-ones to make this transition as smooth as possible. Let's make every moment count and have a successful year!
